Summary

Fresh cybersecurity enthusiast with a background in programming and backend development. I have participated in and won some local hackathons in Uzbekistan, and now I am enhancing my knowledge in Poland.

I am actively seeking opportunities for professional, personal, and interpersonal improvement. Open-mindedness and inner power are my key priorities.

Skills

Technical: Python (Django, Aiogram), C# (Windows Forms), C++, SQL, Git

Platforms: Linux, PyCharm, Visual Studio, MS SQL, MS Teams

Languages: English (B2), German (B1), Russian (native), Uzbek (native)
